

COOPER LIGHTING - METALUX®

DESCRIPTION

The MC Series combines a low profile, surface modular design with the latest in energy-efficient technology. The dihedral recessed top design allows for cooler fixture operation. Other features include a die-formed housing, surface or stem mounting (single or continuous row), full seam -welded corners and a broad selection of attractive door frames.

The versatile modular MC Series can be the perfect solution when used in applications such as commercial office spaces, schools, hospitals, and retail merchandising areas.

SPECIFICATION FEATURES

A ... Construction

Housing die formed code gauge prime cold rolled steel. Smooth sides permit flush joint for continuous row mounting. Full seam welded corners. Dihedral recessed top design insures cooler ballast operation. Die formed captive lampholder bracket fully encloses wiring permitting easy lampholder replacement. Ballast covers easily removed without tools.

B ... Electrical*

Ballasts are CBM/ETL Class "P" and are positively secured by mounting bolts. Pressure lock lampholders. UL/CUL listed. Suitable for damp locations.

C ... Finish

Painted after fabrication. Electrostatically applied baked white polyester powder enamel finish. Multistage cleaning cycle, iron phosphate coating with rust inhibitor. Conveyorized application and baking timing accurately controlled at an elevated temperature.

D ... Hinging/Latching

Positive cam action steel latches with baked white enamel finish. Safety lock T-hinges allow hinging and latching either side.

E ... Frame/Shielding

Die formed, heavy gauge, flat steel door. Baked white enamel finish. Reinforced, mitered door frame corners. Door frame quadrasealed to prevent light spillage. Light stabilized 100% virgin acrylic prismatic shielding. Standard #12 pattern. Optional shielding available.

Notes:

- 2' x 2', 2' x 4' require 4-point suspension, side mounted ballast recommended.
- Full seam welded corners on 1' x 4', 2' x 2', 2' x 4' fixtures.
- 1' x 4' 3-lamp, 2' x 4' 3-lamp have side mounted ballasts covers.
- Products also available in non-US voltage and frequencies for international markets.
- Not Available when specifying emergencies, voltage must be specific.
- Available on flat doors only.
- For continuous row mounting 7/8" KOs furnished in end of fixture, specify EKO.
